Although the above is the official report of the affairs and accountable funds of the Department, there are a few other matters on which the Department wishes to report.

The new Fire House at the Corner on Route 140 is largely completed. The fitting out of the Department's own truck unit, partially completed last year, is now finished. The Department has also contracted to buy, under a long term purchase agreement, the truck, auxiliary pump, special pump, and other miscellaneous equipment hitherto privately owned. Both pieces of equipment are now housed in the new building.

The cost of the unit just finished (it is a second hand truck with new equipment) has been borne by money put aside for the past several years from the Town's annual appropriation for the Department.

The cost of the unit just purchased from private ownership will be financed from Town Appropriations and contributions to the Department over a period of years.

The cost of the new building is below \$3,000, which figure includes only the material necessary for construction. In the summer of 1952 contributions from both summer and townspeople totaled approximately \$500. In the summer of 1953 a Laconia bank granted a loan under very favorable conditions. Additional gifts were presented by the townspeople and a few summer people. At the end of 1953 the Varney brothers made available substantial necessary additional funds, together with a gift, with which to complete the project.

The Ladies Aid at the Corner and Lower Gilmanton contributed \$150 toward the siding for the building; this was in the Fall of 1953.

In the Spring of 1953 a Woman's Auxiliary, called most appropriately the "Fire Sirens" was organized. The Sirens have given suppers, dances, drawings, sales, and other activities with which they have earned considerable sums of money. From these funds they have presented the Department with several pieces of firefighting equipment, and have contributed \$100 to the heating plant in the building. They have also, at their own expense and in their own time, given dinner every Sunday for six months or more, to the dozen or so men working on the building.

All the work on the two-story building—with cellar—was given by a group of fifteen firemen, many of whom have been on the job every Sunday, and several of whom have worked two or three nights a week. All this since early summer has added up to a substantial work-time and-money contribution.

With minor exceptions the organization, the set-up, and the building are complete. There are now two complete—(though not fancy) units available for fire protection, properly housed, and the whole property of the Department.

Report on Civil Defense

A large part of the Civil Defense activity in the past year has been the formal and informal operation of the Observation Tower on Frisky Hill.

This has been manned until the first of the year by a dozen people, and for an average of 42 hours a week, the maximum during that time being 70 hours in any one week. To cover the times in between, arrangements have been made privately so that the town is covered 100 per cent of the time, day and night.

Within the past few days we have been notified by the authorities at the Filter Center at Manchester and the GOC Headquarters in Concord, that our record for "catching planes" is excellent. In fact, in a recent test we were among the top six of the state because the combination of formal and informal observation was evidently highly effective. Thanks are due particularly to eight people who have been willing to "key an eye on the sky" so constantly.

While this is not a part of the year 1953, it is interesting to note that on the State-wide test of incoming warnings which was held on January 24, 1954, Gilmanton pulled its freight well. The fire departments of both sections of town were not only on call but manned the equipment, stopped all traffic which got through other towns, or traffic which was caught on the road at the time of the test. The operation was in full force just 8 seconds after the incoming short wave radio warning; one siren went in four seconds and the other, which involved two phone calls after the time of the first radio warning, went in 20 seconds. One minor weak spot was uncovered, and it has since been corrected; that was the matter of alternate phones in one spot. The telephone network snapped into action with considerable efficiency and excellent results. Thanks are due here to a rather large group of people who held themselves in readiness for this operation.

There seems to be little doubt that the town is in shape to accept any necessary responsibility.

Report of Superintendent of Schools

To the Members of the School Board, Parents and Voters:

Tuition Rates:

The School District of Gilmanton will face the increasing tuition rates of the communities maintaining high schools which are attended by Gilmanton High School pupils. The amounts needed for the 1954-55 school budget are apparently as follows, assuming that all of the Grade 8 graduates of 1954 will enter high school:

School	No. Pupils		Rate	Total
Rochester	1	@	\$247	\$ 247
Alton	8	@	225	1,800
Belmont	7	@	250	1,750
Laconia	13	@	320	4,160
Pittsfield	2	@	260	520
Grade 8	15	@	275	4,125
Total				<hr/> \$12,602

This total also assumes that all seniors now attending these schools will graduate and that additional high school pupils will not move to Gilmanton.

School Lunch Program at Iron Works School:

The Gilmanton School Board voted to establish the school lunch program at the Iron Works School under the direction of Mrs. Sybil Bryant. The program started officially January 4, 1954 and is very successful. The Federal government has donated a large supply of surplus foods purchased from farmers included beef, peanut butter, dried milk, canned fruits and vegetables. The government also pays the lunch program five cents per pupil per day for the number of children eating the school lunch. The Corner School has held a very excellent lunch program for years.

Grade School Graduates

In June 1953, the following completed the scheduled program for the eight years of school:

Denise Hartford	Gladys Maude Alund
Dorothy Pauline Hiltz	Victor Emmanuel Joyce
Barbara May Hillsgrove	Natalie Jean Price
Edward James McAdams	Mary Rita McAdams
George Bernard Roberts	Lois Sansouci
Pauline Elizabeth Twombly	Olive May Wells

Teachers' Salaries

School districts all over the state have been increasing salaries. It is very difficult to secure elementary teachers for schools where the teacher is responsible for several grades. Teacher college graduates automatically seek positions with schools where a teacher works with only one grade. Gilmanton must face this problem by increasing the budget for teachers' salaries so financial inducements may be available to fill teaching vacancies.

The district should also consider the establishment of a teachers' salary schedule so that teachers would receive automatic increases each year until the maximum was reached.

Mr. William Dunn, Chairman, Mrs. Olive Brett Besse and Mr. Fred H. Carlson have been very faithful members of

the School Board. They are very interested in the schools and in the children. They have visited schools regularly to personally understand educational and maintenance problems. School Board meetings have been held regularly once a month with additional special meetings. The School Board has requested bids on all school supplies and major repairs and has awarded the bids to the low bidders.

The School Board, the Superintendent, the Principals and the Teachers will welcome suggestions from parents and all citizens for possible improvement of the schools.

I wish to express my personal appreciation to the School Board and teaching staff for their excellent cooperation.

Cordially yours,

GORDON L. FOX

Superintendent of Schools

— Tribute to Mrs. Dorothy Manley —

Gilmanton Iron Works suffered a great loss when Mrs. Dorothy Manley died December 8, 1953.

She taught grades 3, 4 and 5 of the Gilmanton Iron Works School from September 1947, until required by illness to take a leave of absence in December, 1952

She will always be remembered by the children who enjoyed her teaching, for her hard work, her devotion to her ideals, her understanding of their problems, and her pleasant personality.

We, as members of the School Board of Gilmanton, express our regret at the loss of not only a wonderful teacher, but one of the most civic-minded individuals of our community.
